DETAILED ACTION

Response to Amendment

1. Applicant's amendment After Final was received on 6/16/10 and has been entered and made of record as the amendment places the application in condition for allowance.

Response to Arguments

2. Applicant's arguments, see pages 6-8 of the remarks, filed 6/16/10, with respect to the rejection of claims 1 and 6 have been fully considered and are persuasive. The rejection of claims 1-2, 5-7, 9, and 12-13 has been withdrawn.

Allowable Subject Matter

3. Claims 1, 2, 5-7, 9, 12, and 13 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose, teach, or suggest the claimed limitations of (in combination with all other limitations in the claims), wherein the reading unit retreat position is relatively higher than the reading unit document reading position

and the reference white board retreat position is relatively higher than the reference white board document reading position, as set forth in claim(s) 1 and 6.

The Final Office set forth a rejection of claims 1 and 6 under 35 U.S.C. 103(a) as being unpatentable over Japanese Laid-open Patent Application No. 11-187212 to Yoshikawa in view of U.S. Patent No. 6,975,435 to Maitani et al. The interpretation of the references is no longer valid as the references were interpreted in such a way that the retreat position of the reading unit and reference white board as a whole was higher than the reading position. That is to say that the average retreat position was higher than the reading position but that same interpretation can not be applied with the current amendment to claims 1 and 6 as they now clearly state that the reading unit retreat position is higher than the reading unit reading position and that the reference white board retreat position is higher than the reference white board reading position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
